Poisons Schedule

Not Scheduled

Product Use

Bonding and Sealing Vehicle Body.

Physical Data

Appearance

Paste with a characteristic odour. **Melting Point** Not available **Boiling Point** Not available **Vapour Pressure** Not available **Specific Gravity** 1.390 (water=1) **Flash Point** >36°C Flamm. Limit LEL Not available Flamm. Limit UEL Not available Solubility in Water

Insoluble

Other Properties

Solubility in Organic Solvents

Soluble in aromatic solvents

Stability

Stable under normal conditions.

Haz.

Polymerization

Will not occur.

Materials to Avoid

Strong oxidising agents.

Ingredients

Ingredients	<u>Name</u>	CAS	Proportion
	White Spirit	64742-88-7	1-10 %
	Silane		1-10 %
	Ingredients determined not to be hazardous	Not required	Balance

HEALTH HAZARD INFORMATION

Health Effects

Acute – Swallowed

Ingestion of large quantities may be harmful. Ingestion may cause gastrointestinal irritation and burns to mouth and throat, resulting in pain, nausea and vomiting.

Acute – Eye

May cause irritation in contact with the eyes, which can result in redness, stinging and lachrymation.

Acute – Skin

May cause irritation in contact with the skin, which can result in redness, itching and possible contact dermatitis.

Acute – Inhaled

At elevated temperatures, may generate vapours or aerosols sufficient to cause irritation, or other adverse effects. May cause irritation to the respiratory tract and lungs.

Chronic

Repeated or prolonged skin contact may result in irritation, leading to contact dermatitis.

Product Name : TEROSTAT- 9320 SPRAYABLE SEALANT

First Aid

Swallowed

DO NOT induce vomiting. Immediately wash out mouth with water and then give plenty of water to drink. Seek medical attention.

Eye

If contact with the eye(s) occur, wash with copious amounts of water for approximately 15 minutes holding eyelid(s) open. Take care not to rinse contaminated water into the non-affected eye. In all cases of eye contamination it is a sensible precaution to seek medical advice.

Skin

Remove all contaminated clothing. Wash gently and thoroughly with water and non-abrasive soap. Ensure contaminated clothing is washed before re-use or discard. If irritation develops and persists seek medical attention.

Inhaled

Remove the source of contamination or move the victim to fresh air. Ensure airways are clear and have a qualified person give oxygen through a face mask if breathing is difficult. If symptoms develop seek immediate medical attention.

First Aid Facilities

Facilities

Eye wash and normal washroom facilities.

Advice to Doctor

Advice to Doctor

Treat symptomatically.

Other Health Hazard Information

PRECAUTIONS FOR USE

Exposure Limits	<u>Name</u>	mg/m3 (STEL)	ppm (STEL)	mg/m3 (TWA)	ppm (TWA)	TWA <u>Footnote</u>
	White Spirit	10		5		(As oil mist) (As oil mist)

Eng. Controls

Natural ventilation should be sufficient, however where vapours or fumes are generated the use of a local exhaust ventilation system (drawing vapours/fumes away from workers breathing zone) is recommended.

Personal Protection

Respirator Type (AS 1716)

Where ventilation is inadequate and vapours or fumes are generated the use of an Air Purifying Respirator with an Organic Vapour filter complying with AS/NZS 1715 and AS/NZS 1716 is recommended.

Eye Protection

Where splashing is likely the use of chemical goggles or safety glasses with side shield protection complying with AS/NZS 1337 is recommended.

Glove Type

The use of PVC gloves complying with AS 2161 is recommended during prolonged handling.

Clothing

The use of plastic apron, sleeves, overalls, and rubber boots are recommended.

Flammability

Fire Hazards

Flammable material. Will burn in a general fire, releasing toxic gases.

SAFE HANDLING INFORMATION

Storage and Transport

Storage

Precautions

Store in a cool dry place, out of direct sunlight. Avoid contact with incompatible materials that support combustion, such as strong oxidising agents. Store at 15 to 25°C is recommended.

Transport

Not classified as a Dangerous Good, according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (6th Edition).

Handling

Ensure a high level of personal hygiene is maintained when using this product. That is, always wash hands before eating, drinking, smoking or using the toilet.

Proper Shipping

None Allocated

Spills and Disposal

Spills &Leaks

Product Name : TEROSTAT- 9320 SPRAYABLE SEALANT

safe No. ACP93Page 6 of 7lation. Evacuate all unnecessary

Remove all sources of ignition. Increase ventilation. Evacuate all unnecessary personnel. Wear sufficient respiratory protection and full protective clothing to minimise skin and eye exposure. If possible contain the spill. Place inert absorbent such as vermiculite, sand or dirt onto material. Use clean non-sparking tools to collect the material and place into a suitable labelled container. Do not dilute material but contain. Mop up the remaining material and place into the same container. If large quantities of this material enter the waterways contact the Environmental Protection Authority, or your local Waste Management Authority.

Disposal

In accordance with Local, State and Federal EPA waste regulations.

Fire/Explosion Hazard

Fire/Explos.

Hazard

Not a particularly dangerous fire hazard, except that toxic gases are produced on burning.

Hazardous Decomposition or Byproducts

Oxides of carbon (CO, CO2).

Fire Fighting

Procedures

Wear Self-Contained Breathing Apparatus (S.C.B.A) and full protective clothing to minimise skin exposure.

Extinguishing

Media

Water fog, carbon dioxide, foam or dry chemical powder.

Hazchem Code

None Allocated

OTHER INFORMATION

Toxicology No toxicity data is available for this material. Information on Ecological Effects No ecological data is available for this material.

Environ.

Protection

Avoid contaminating waterways.
